Di Blasi

THE NEW FOLDING BICYCLE R50

THE FOLDING BICYCLE DI BLASI...

...is useful.

The driving position is like that of a common bicycle and the 4 gear derailleur allows the best pedalling for all kinds of routes. It is provided with useful standard and optional accessories.

... is practical.

In three seconds, without tools and nothing to be unscrewed,

it folds to such dimensions that it can be stored almost everywhere.

... is available in two versions:

- mod. R50 S: with stainless steel frame AISI304
- mod. R50 P: with common painted steel frame.

... is patented all over the world.

Di Blasi

THE FOLDING BICYCLE DI BLASI IS READY TO BE USED IN 3 SECONDS

Di Blasi

ONE...

lift the handlebar until it is locked by the special hook. Release the frame hook located near the carrying handle and...

TWO...

...pull the saddle until...

THREE...

...the frame is locked by the hook located below the saddle. Unfold the pedals and go!!
